## Summary:

Convert your Mobile phone into an English Swedish dictionary - electronic translator! English Swedish Dictionary (Mobile Phone), electronic software travel dictionary to translate English to Swedish. Running on cell phones (mobile phone) and mobile devices compatible with the J2ME specifications CLDP 1.0 and MIDP 2.0 or later including Windows Mobile (PocketPC and Smartphone), Android and games consoles (PSP Nintendo DS) installed with a compatible JVM. Copying a word from the translated list for a reverse translation can be used to find synonyms and to understand the broader use of the word in the English language. Although the dictionary does not provide definitions or examples, the use of the translation software in this way provides you with a mechanism to better understand the word in context without the need for definitions. Understanding the limitations of your Blackberry we have designed our dictionary optimised with the 12,000 most commonly used words, enhancing performance, reliability and compatibility. Ideal for anyone in need of mobile referencing, business people, travelers, and foreign language students, the dictionary delivers quick and easy searching instantly turning your Blackberry into a personal language communication assistant.
